

8th Annual Advance Care Planning Summit

Empowering and Supporting All Adults Through the Lifespan

Tuesday, April 16, 2024

Noon - 2 pm MT

A no cost virtual event.

Keynote Speaker Dr. Rebecca Sudore is a national leader in research on improving advance care planning (ACP) and medical decision making for culturally and ethnically diverse adults. Dr. Sudore will share on the evidence-based [PREPARE™](#) programs and how any adult and/or caregiver can use these programs to be **prepared** for medical decision making.

Following the keynote will be a robust panel discussion of clinical subject matter experts to answer questions and further share the how and why behind empowering all adults to prepare for medical decision-making needs across the lifespan.
